	From 11 to 14 July, the Luftnachrichten Kaserne was partially occupied by troops wearing red-bordered black and black-bordered black epaulets. Noises of tank engines were heard from the installation. Motor vehicles	50X1-HUM
	were seen en route to the installation.	
	Between 17 and 30 June, the occupation of the Luftnachrichten Kaserne had to porarily increased. Between 1 and 14 July, only one of the six main building of the installation on Heide Allee was occupied to capacity and six windows of one of the other buildings were lighted after nightfall. Six T-34 tanks were seen in the installation. The installation was occupied by an estimated 400 troops wearing red-bordered black and black-bordered crimson epaulets.	' 8
